### **Combine Commercial Sink's:-**

Our selection of stainless steel commercial sinks includes single- and multi-compartment options to handle your light- or heavy-duty cleaning tasks. Fabricated using quality stainless steel which makes these long lasting in usage. Finding suitability to be used in areas like outdoor catering like in marriages and receptions, the splash guard support provided helps in safeguarding the clothes from water spillage. Available in bright, smooth and shiny finish, these are also aesthetically pleasing to use and are perfect for washing utensils in places like hotels, commercial kitchens of restaurants. Delivering outstanding performance, these are highly demanded by customers because of their superior design and sturdy finish. Made of 16 SWG sheet & Stainless sheet pipe. 8 Feet Long.
